

*"The Fly Into Foundation Program at Wantirna Primary was so well run, each week the kids met a different teacher from the school and explored different activities. From Performing Arts to PE and even Science! The activities planned including their Buddies were fantastic, our daughter couldn't stop talking about it. For a smaller school the quality of their teachers and facilities are outstanding, a great library facility, the Junior Learning unit is bright and functional. Our daughter loved the transition period and has loved Foundation at
Wantirna Primary"*

-Trish, parent

FLY INTO FOUNDATION 2019

Fly Into Foundation is designed to gradually

transition your child into the Primary School environment. The jump from Pre-School/Childcare to Primary School can be daunting, not only for the children but the parents too. During the Fly Into Foundation sessions, parents are encouraged to settle their child with the teacher and then spend some time getting to know the parents of other Foundation students. Each session there will be activities for the parents, including giving you the opportunity to purchase uniforms, and learn about extra curricular activities and the PFN and School Council at Wantirna Primary. We look forward to welcoming you.

"The support, friendliness and community spirit is extremely overwhelming..."

and is very important to me and my family, not to mention the teachers are exceptionally caring and compassionate, nothing is ever too much."

-Desley, parent
