Student Well Being Policy

Purpose

To promote the interests and welfare of the students through the provision of a happy, safe, supportive, caring and productive school environment. Student wellbeing is embedded in the delivery of the curriculum as well as being supported by specific policies and programs.

Objectives

- To develop a learning environment that promotes independence, interdependence and self motivation
- To value all students as individuals and to encourage them to develop to their full potential
- To make student well being a fundamental aspect of the role of the school community
- To promote the CARE values and TRIBES principles
- To ensure strategies for primary prevention are established and built into the school’s protocols and programs
- To design and implement early intervention strategies to reduce risk and strengthen the coping skills of all students
- To provide appropriate intervention programs, preferably in partnership with parents, for students in crisis or chronic difficulties, including social difficulties
- To adhere to Mandatory Reporting requirements
- To reflect students’ needs, backgrounds, perspectives and interests in the learning program
- To provide staff with appropriate support to fulfil their student well being responsibilities

Guidelines for Implementation

- The Principal and the staff will oversee the implementation of the Student Well Being Policy
- The Principal or delegate will implement the Program for Students with Disabilities and manage the related School Support Services
- The Principal or delegate will maintain a register of support personnel and services and liaise between teachers, parents and these agencies to address social, educational, emotional and physical difficulties
- The Principal or delegate will review and update protocols to assist in the timely and comprehensive response to reports or observations of unacceptable behaviours
- A Behaviour Management Plan will be developed and maintained for relevant students
- As part of the ‘Getting To Know You’ first week of the school year, students will have the opportunity to re-familiarise themselves with the school’s values as outlined in the School Strategic Plan
- It is expected that the students’ behavior will reflect the school’s core values
- Playground and classroom rules will be reviewed and published annually
- Teachers will encourage and support students to take responsibility for their learning and behavior
